

The Constructor Commitment

Expanding our commitment to Student Success and Affordability for all

Constructor University attracts outstanding students from all over the world. Yet for many, the financial path to a Constructor education remains a major challenge. Our university has always been dedicated to student success and academic excellence. Today, about 80% of our Bachelor and Master students receive merit-based financial support through our Academic Achievement Scholarships.

Still, we lose talented individuals every year due to financial constraints.

The Constructor Commitment aims to eliminate those barriers and allow more students to access world-class education, no matter their background.

The value of Constructor University's education shows best in the proud eyes of the parents on Graduation Day. **Through The Constructor Commitment, you can help unlock the full potential of future global leaders,** making their dreams of studying at one of Europe's most international universities a reality.

Exceptional minds deserve
exceptional opportunity

Constructor Scholars Fund

As part of our ongoing mission, the Constructor Scholars Fund invites donors to establish endowed scholarships that provide sustainable support for undergraduate and graduate students.

A minimum gift of 100,000 € – payable over 3 to 5 years – can found a new scholarship bearing your name. Each gift will also help build a permanent endowment, ensuring lasting support for future generations. Be part of our Supporter Network, join our Hall of Patrons and write your families name into the history of our Alma Mater.

Student InnovationSupport

In addition to scholarships, Constructor University is committed to funding research projects, internships, and study-abroad experiences. These are the pillars of our Student Innovation Support program. Gifts to this initiative empower students to gain hands-on experience, develop entrepreneurial skills, and work alongside faculty on high-impact challenges. Starting from just 5000 €, you can enable deserving talents to unfold their potential and engage with opportunities that helps them make an impact.

A promise for the future

The Constructor Commitment reflects our belief in equity, global citizenship, and lifelong learning. Through donor support, we ensure that potential – not finances – determines a student's future.

Students Voices

"This scholarship means a lot to me. Not only will it help with tuition, but also provides additional motivation for me to work harder, aim higher, and make the most of every opportunity to build a better future for myself and others."

Nikoloz Dvali
Class of 2027

"This scholarship gave me the opportunity to continue my studies abroad while gaining job experience in the German market. Pursuing a master's degree has been an immense challenge that made me see problems from a different perspective."

Adriana Martinez
Class of 2023

"This scholarship has opened so many doors for me. It will help me attain the ambitious goals that will let me give back to society and make my family proud."

Aarushi Jaymik Vyas
Class of 2026
